

Calling Skilled Massage Therapists – Come join us at Psoas!  
**Team-oriented massage clinic seeking a bodyworker!**

We're Psoas Massage + Bodywork. And we're happy to say that we are still here and stronger than ever. For almost 19 years, we've set the standard for the massage profession by focusing deeply on our clients and our therapists alike.

We've created a space where the 11 practitioners on our team - ranging from tissue-based therapists, including a Rolfer, to neurological-based bodyworkers and an even a Chiropractor – collaborate closely.

We've hired an incredibly skilled front desk team and invest in their ongoing training so that bodyworkers can focus on what they love.

And we're looking for 1-2 special therapists to join our Psoas family. If you've ever been wondering how we roll or what it's like working in a treatment-oriented bodywork clinic, this is your chance!

**You should apply if...**

You're committed to this trade and thrive on continued growth, love feedback, and want to work in a team culture that emphasizes skilled communication.

You're interested in sprains, strains, rehabilitation and maintenance—not just relaxation.

You enjoy working out complex treatment puzzles alongside skilled colleagues. And you know when a client just needs taking care of with a quiet and deeply integrative session.

**Requirements:**

Minimum 3-year experience, advanced training, and CAMTC certificate required.

If this speaks to you and you are available for 4 - 5 afternoon/evening shifts between Tuesday-Saturday, please respond with the following:

1. A Cover Letter (in the body of the email)
2. A Resume (as an attachment)
3. Employer References

Here's what you can expect as some of the **benefits** of coming onboard are:

1. Competitive pay (YES!)
2. Health insurance (quite necessary these days)

3. Education stipend (yes, we pay for some of your outside training)
4. Commuter + gym membership benefits (to buff yourself out)
5. In-house training program (who needs to go anywhere to learn)
  - a. Not just the clinical, but the relational too.
  - b. Our Clinical Supervisor has been a massage therapist for 20 years and massage instructor for most of that time.
  - c. Master teachers visit every other month for an in-depth training.
  - d. Senior therapists are involved with coaching and sharing their skills to the team.
6. Regular bodywork trades (practice what you preach!)
7. TWO Infrared Therapy Sauna sessions per month (+ unlimited same day openings!)
8. A solid COVID safety program (praised by the SF Health Department)

Our clients have come to rely on us for their bodywork needs because they know we hire the best in the industry. We are a busy clinic with high repeat visits as well as many new clients. Top rate clinicians will find their schedules full.

Come join us as we lead the way for the massage community in San Francisco in 2022!
